Parents Day Program Ideas

Next Generation Group President **Lance Eng** and Board Secretary **Janice Ng** have been asked to co-emcee the Parents Day luncheon on Sunday, June 10, at the Golden Dragon Restaurant. This is a wonderful opportunity for the NGG to 1) honor parents for their years of love and support and 2) promote Next Generation Group and possibly generate membership and involvement. Ideas are needed for the luncheon program. It is important that members take an active role in the planning and preparation of the event... and show up and support Lance and Janice. If you have any ideas for activities, please email them to Lance at lance_eng@hotmail.com or Janice at peisuenng@gmail.com no later than Tuesday, May 29.

Below are some ideas for the luncheon program:

Honor Achievement of Parents

In advance, invite kids of Eng Family members to write short essays (500 words or less) about their parents and why they appreciate them. The essays will be read during the luncheon. Candidates can be the winners of last year's scholarship awards. Moses Ng can be asked to help.

Skit

Janice, Lance and Darren Ng performed so well at the Spring banquet in April (above), that a repeat performance is demanded! Create a brief skit involving NGG members. The theme of the skit

could be universal: respect and appreciation for parents, importance of education, the respect toward others, etc. But it doesn't have to be direct, literal or preachy. It should be allegorical.

Seating for Opportunity

Arrange seating where young adults can sit together with other NGG members, so they hear more about the group and its activities.

Parent-Children Team Game

Create a table game where there can be interaction with people sitting at the same table, like an ice breaker. Parents and their children can team up together, or this could be a contest between tables.

Information Available

Have promotional and marketing collateral on hand for prospective members to take home with them to review: fact sheet and sample newsletter.

Survey

In order to better gauge interests, habits and tastes of prospective members, have them complete a questionnaire that will NGG determine activities and programs that would help to generate more participation..
